

31 August 1950

MEMORANDUM FOR: AD/00

SUBJECT: American Council of Learned Society

1. The Director of the subject Council, Dr. Charles E. Odegard (District 3395) telephoned the office of the DCI on 24 August 1950, and stated that he was desirous of "getting together" representatives from the Library of Congress, Department of Defense, ECA, Department of State, and CIA, to discuss informally what the Council might do in furthering the U. S. intelligence effort. I also gather from Mr. Odegard's conversation that this was to be a two-way proposition.

2. The DCI desires that the Chief of the Washington Field Office call upon Mr. Odegard to discuss this matter further from the standpoint of CIA participation.

Signed
